

I am rooted deeply in the Carson Valley as a 5th generation resident. My journey to run for this Director seat, began with my graduation from Douglas High School in 2004. Post-graduation, I channeled my passion for sports and represented the University of Nevada on the softball field. Simultaneously, I pursued academic excellence, securing a major in Speech Communications coupled with a minor in Business Administration.

My transition into real estate was seamless, and over the past nine years, I've ardently immersed myself in the industry. My commitment goes beyond basic transactions; I've been privileged to be a part of the Leadership Douglas County, graduate from the NVAR's 2017 Leadership Class, and take the helm as the Chair for NAR's Nominating and Awards Committee. Furthermore, I've actively participated as a member of both the Government Affairs and Political Action Committees. My involvement also extends to the community, where I've served as a board member for the Carson Valley Chamber of Commerce.

Currently, I am honored to hold the position of Douglas County Director. Through my diverse experiences and deep-rooted connection to the Valley, I strive to continuously serve and contribute to this community that means so much to me.
