

I have over two decades in real estate and now as a distinguished broker, my journey has been both enriching and impactful. I proudly serve as the Comstock Director for the Sierra Nevada Realtors and am an active member of the Lyon County Board of Equalization. My commitment to community and leadership spans various domains: from being Secretary on an AYSO Board and of the Silver Springs Advisory Board, to taking charge as Treasurer of a political group and President of an HOA. Networking is integral to my profession, reflected in my board roles with both BNI and Polka Dots. 2019 brought a special highlight when I was bestowed with the Sally Young Award from the Nevada Realtors Leadership Academy. Further deepening my commitment, I took part in the inaugural Leadership Alumni Service Project in 2022, where we undertook a house-build mission in Mexico. On the personal front, my two sons – one navigating college and the other in middle school – keep me on my toes. Our household is lively, with a dog and two rescued cats adding to the warmth. Amidst this bustling life, I find solace in camping, cherishing moments in my travel trailer whenever I can spare some free time.
