

As the Managing Broker for eXp Realty in Northern Nevada, I've always been driven by a passion for real estate and the profound impact it has on individuals and communities. My journey began with immersing myself deeply in the industry, understanding the intricacies and complexities, and leveraging that knowledge to guide and mentor a dynamic team of professionals. The essence of my career has been anchored in forging relationships, upholding the best interests of our members and clients, and continually learning and evolving.

In 2019, my dedication to real estate advocacy and ethics led me to serve on the grievance committee for RSAR. The role provided a unique insight into the challenges our members face and how best to address and resolve them. It was an experience that deepened my commitment to ensuring that realtors operate in an environment marked by fairness and professionalism.

The subsequent year, in 2020, I was honored to become a member of the Board of Directors for RSAR. This tenure enabled me to influence decision-making at a strategic level, ensuring that our board's actions and policies were aligned with the evolving needs of our realtor community.

Most recently, my journey took a significant turn when I was entrusted with the role of Chairman for the Government Affairs Committee at the Sierra Nevada Association of REALTORS® (SNR). Here, I advocate for policies and regulations that protect and empower our members. It's a responsibility I take very seriously, channeling my experiences and insights to represent our members' best interests.

Throughout these roles and over the years, I've been blessed to forge deep connections with peers, mentors, and mentees. These relationships have enriched my career and service, constantly reminding me of the shared purpose that binds us all in the real estate industry. With every step, I am committed to championing our collective aspirations and shaping a brighter future for realtors in Northern Nevada.
