

**Sam Olson Bio:**

Sam Olson is a real estate team leader focused on shaping productive, profitable, professional agents on his team and across the association.

Sam has over ten years of board governance experience, including Build Our Center, Inc., Silver State Fair Housing Council, the Sierra Tahoe Chapter of the Alliance, the NVR DEI committee, the SNR IDEA committee, and others. He created the first international, agent-driven values-forward coalition within the RE/MAX network with over 800 members in 5 countries to support equity in real estate.

Under his leadership, Sam has changed the trajectory of Nevada through his lobbying efforts for domestic partnership and trans equality laws at the legislature and the founding of Our Center. He was instrumental in enacting rules within SNRPAC to ensure that REALTOR money only goes to political candidates who live up to our Code of Ethics.

Sam is excited to get to work representing Washoe County on the Board, to continue the foundation of professionalism for SNR, and to keep the membership front and center in all deliberations.
